

17.22.060: DESIGN STANDARDS FOR OFF STREET PARKING AND LOADING SPACES:

All parking spaces shall be accessible from a road right of way; provided, that no parking space shall be designed to require vehicles to back onto a roadway, except for parking spaces that serve a single-family dwelling or a single-family dwelling with an accessory apartment. (Ord. 2004-10, 8-10-2004)
